1952-53 Wholesale Price List

Introducing...

TETRA-SARAH JANE

A true tetraploid developed from the well-known Sarah Jane Knipe. The color is rosy-magenta with silver edges, identical to the original variety; but the flower size is up to an inch larger, the foliage is heavier, the leaves are longer and the stems are thicker and stronger. Production of top quality flowers throughout the season is far above average. In spite of the short calyx and very full flower splitting is rare. Patent applied for.

\$25.00 per 100—\$200.00 per 1000

and...

LIGHT PINK NORTHLAND

A sport of the widely grown white Northland. The color is a very delicate shade of flesh pink which is much in demand. The quality and growing habits are identical to the original variety from which it sported. Sold under a three year growers agreement in effect until December 31, 1955.

\$20.00 per 100—\$150.00 per 1000

Delivery from November to April

White

WHITE SIM—Clear white sport of Wm. Sim. Resembles the parent closely in size and form of the flowers and habit of growth. White Sim is the best new white variety introduced in recent years.

\$15.00 per 100—\$125.00 per 1000

NORTHLAND—Large, pure white flower. Heavy stems and growth. Above average production. Adaptable to two-year growing.

\$12.00 per 100—\$100.00 per 1000

OLIVETTE—Pure white flower of medium size but produced in great abundance. Medium length and rigid stem. Very fragrant. Good for two-year carry-over.

\$10.00 per 100—\$90.00 per 1000

PATRICIAN—Large and fragrant flower borne on rigid stem. Good producer and keeper. Some splitting in the spring.

\$10.00 per 100—\$90.00 per 1000

Red

JUMBO CARDINAL—A very large and very vigorous growing sport of King Cardinal. Unbeatable red color of King Cardinal. Very heavy producer. Flowers are more full and hold up well into hot weather.

\$15.00 per 100—\$125.00 per 1000

TOM KNIPE—Plant Patent No. 533. Large, full, red flowers with serrated petals. Excellent quality flowers during the summer. Low nitrogen level in the soil will prevent burned edges.

\$15.00 per 100—\$125.00 per 1000

Salmon Pink

JANIE—A beautiful light salmon pink color that seems to glow with warmth. The flowers are large and well formed and the production is quite heavy. Janie was awarded the Dorner Memorial Medal (highest award given a new variety) by the American Carnation Society at Dayton in 1951.

(Sales restricted until Dec. 31, 1954)

\$22.00 per 100—\$180.00 per 1000

EXCELLENCE—A very large, if not the largest, carnation being grown commercially. The color is a medium salmon pink and the flowers are full and well formed. Production is exceptionally good considering the size and quality and it always brings a premium price.

(Sales restricted until Dec. 31, 1954)

\$25.00 per 100—\$200.00 per 1000

NETTA—A large light pink with a very slight salmon tinting. A heavy producer and good keeper. Some splitting during the winter.

\$15.00 per 100—\$125.00 per 1000

Light Pink

LIGHT PINK NORTHLAND—See front cover.

VIRGINIA HERCULES—Large light pink Virginia. Can be grown two years very successfully.

\$15.00 per 100—\$125.00 per 1000

Medium Pink

CITATION—Large, full, perfectly shaped flowers of rose pink color. The edges of the petals turn lighter during the warm spring months making a very attractive novelty.

\$15.00 per 100—\$125.00 per 1000

ROSALIE—Plant Patent No. 319. Bright medium pink that holds true color in hot weather. Heavy producer throughout the season.

\$15.00 per 100—\$125.00 per 1000

SIDNEY LITTLEFIELD—Deep rose pink color. Large, high quality flowers. Good production and keeping qualities.

\$20.00 per 100—\$150.00 per 1000

DERIGO—Bright medium pink color with average size flowers. The production is very heavy particularly during the winter months.

\$10.00 per 100—\$90.00 per 1000

Crimson

TOPPER—Rich velvety crimson, a shade deeper than Seth Parker. The flowers are full and well formed and borne on long rigid stems. A real good commercial variety in a color that is much in demand.
(Sales restricted until Dec. 31, 1954)

\$22.00 per 100—\$180.00 per 1000

CRIMSON SPHYNX—A good bright crimson sport of our recent novelty introduction. The flowers are full and well formed. Production is very heavy.

\$15.00 per 100—\$125.00 per 1000

Variegated

TETRA-SARAH JANE—See front cover.

MOHAWK—Yellow variegated with pink stripes, brighter than Chief Kokomo. The flowers are of good quality and the production is very heavy. We expect Mohawk to take the place of Chief Kokomo as the standard yellow variegated carnation.

(Sales restricted until Dec. 13, 1954)

\$22.00 per 100—\$180.00 per 1000

Variegated, Continued

SARAH JANE KNIFE—Plant Patent No. 909. Rosy magenta with silver edged petals. Production is excellent with first quality flowers from the beginning to the end of the season. An outstanding novelty. Very popular for weddings.

\$20.00 per 100—\$150.00 per 1000

SPHYNX—Crimson stripes on a rose pink background, a very unusual and attractive color combination. Flowers are large and produced in large quantities.

\$15.00 per 100—\$125.00 per 1000

SYMPHONY—Plant Patent No. 534. A very delicate combination of reddish-purple stripes on a mauve background. Flowers are larger than average. Heavy producer. A favorite of leading floral artists.

\$20.00 per 100—\$150.00 per 1000

BARBARA BRIGHAM—Pink stripes on a delicate orange background. Large, full flowers very much in demand.

\$10.00 per 100—\$90.00 per 1000

STARLITE—Pink stripes on a white background. Sport of Olivette with its heavy production and fragrant flowers.

\$10.00 per 100—\$90.00 per 1000

TERMS OF SALE

PRICES in this list are for commercial florists only. 250 of one variety will be billed at the 1000 rate. No order accepted for less than 25 of one variety. All prices are F. O. B. Indianapolis and subject to change without notice.

DISCOUNT FOR CASH WITH ORDER—5% may be deducted when cash is enclosed with order, 2% allowed on payment 10 days from date of invoice.

PATENTED VARIETIES are sold with a license to propagate all that the purchaser wants for his own planting. The license forms are mailed in advance of delivery and the purchaser's copy bearing our signature is sent along with the shipment. Without this license the variety cannot be propagated or reproduced subject to the U. S. Patent Law.

HEALTH CERTIFICATE—A health certificate signed by the State Entomologist is attached to each shipment. We are not in a Japanese Beetle zone.

WARRANTY—We give no warranty expressed or implied as to description, quality or productiveness of any plants, bulbs or seeds we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the merchandise on these terms they must be returned at once.
